SURPRISED HIM.

President Weaver, of the Moundsville Company, tendered a surprise. Charles A. Weaver, of Moundsville, was the recipient of a very handsome present from the Moundsville Mining and Manufacturing Company, of which he is the president. It consisted of a finely finished oak case lined with satin and containing 100 pieces of solid silver knives, forks and spoons, and was furnished by I. G. Dillon & Co., of Wheeling.

It was a Christmas present and in honor of the twenty-fifth anniversary of his wedding. The members of the board of directors of the company assembled at Mr. Weaver's home in Moundsville about 5 o'clock Saturday evening, taking him entirely by surprise.

In a few well-chosen remarks Mr. Alfred Paul presented the silver and was feelingly responded to by Mr. Weaver and by Rev. G. W. Grimes, after which the visitors were invited out in the dining room, where an elegant supper had been provided. After cigars and pleasant chatting the visitors departed. Those present were Messrs. J. N. Vance, Louis C. Stifel and Alfred Paul, of Wheeling, H. W. Hunter, W. W. Smith, J. B. Hicks and General Manager J. Glenn Cook, with Rev. G. W. Grimes, of Moundsville.

A MODEL BARGE SUNK.

The Towboat Frisbee Meets With an Accident at Bellaire.

The towboat H. F. Frisbee met with a heavy loss while passing the bridge piers at Bellaire yesterday afternoon. The boat had quite a large tow and was going down stream under a full head of steam, and was apparently headed all right. A sudden strong gust of wind sheered the boat to one side and the tow swung until a big model barge loaded with fire brick and tile struck the middle pier with a crash, breaking the barge into splinters and sinking it, after driving about half way through the barge. The end of the barge is left sticking up on the north side of the pier. The crash attracted a great crowd of people to the shores, but no further particulars could be learned. The boat remained about for some time, but as she could do nothing with the sunken barge, as soon as she got the balance of the tow in shape the Frisbee continued on down the river.
